

ARLON

ARLON, BELGIUM

"We expect the homes in this new eco-friendly development to be quickly snapped up by young families from the surrounding area. A quality story."

Cécile Jacques, Equilis Commercial Director

Numerous
services

2.5 hectares - 114 dwellings
(apartments and single-family
houses)

Project in collaboration with
IDELUX, province of Luxembourg,
Belgium

New eco-friendly neighbourhood

The Wäschbour project, located on the northern outskirts of Arlon in the Belgian province of Luxembourg, will be home to a new eco-friendly project made up of 92 apartments and 22 single-family houses.

The project, on 2.5 hectares, will also include numerous services to offer residents an exceptional quality of life.
